Enable you to monitor your environment and help prevent virus transmission.

As a social enterprise with our core business on hold, we are using our PPE and purchasing knowledge to help other 3rd and public sector orgs obtain best price certified products. All the products we source come fully European and UK certified from reputable suppliers at competitive prices, and this has enabled us to become a trusted supplier to Councils, care organisations and schools/colleges (full references available). You can talk with us anytime - even if you're just looking for advice on what products to buy. You can also read our guide to selecting the correct PPE for your working environment at [funandfitbike.com/ppe](https://funandfitbike.com/ppe)
